June 06, 2019. Preliminary estimates, This data will change after submission from districts and the methodology may change after rule adoption. This methodology looks at the geography of the campus but actual final methodology will look at the geography of the individual student home address. Note: These are estimates used by the TEA during the legislative session, and are based on mapping district campuses to census blocks. Additionally, the methodology used to establish the degree of disadvantage in a census block may change when the commissioner adopts rules for the calculation.

June 06, 2019. Preliminary estimates, This data will change after submission from districts and the methodology may change after rule adoption. This methodology looks at the geography of the campus but actual final methodology will look at the geography of the individual student home address. Note: These are estimates used by the TEA during the legislative session, and are based on mapping district campuses to census blocks. Additionally, the methodology used to establish the degree of disadvantage in a census block may change when the commissioner adopts rules for the calculation.

June 06, 2019. Preliminary estimates, This data will change after submission from districts and the methodology may change after rule adoption. This methodology looks at the geography of the campus but actual final methodology will look at the geography of the individual student home address. Note: These are estimates used by the TEA during the legislative session, and are based on mapping district campuses to census blocks. Additionally, the methodology used to establish the degree of disadvantage in a census block may change when the commissioner adopts rules for the calculation.

June 06, 2019. Preliminary estimates, This data will change after submission from districts and the methodology may change after rule adoption. This methodology looks at the geography of the campus but actual final methodology will look at the geography of the individual student home address. Note: These are estimates used by the TEA during the legislative session, and are based on mapping district campuses to census blocks. Additionally, the methodology used to establish the degree of disadvantage in a census block may change when the commissioner adopts rules for the calculation.

June 06, 2019. Preliminary estimates, This data will change after submission from districts and the methodology may change after rule adoption. This methodology looks at the geography of the campus but actual final methodology will look at the geography of the individual student home address. Note: These are estimates used by the TEA during the legislative session, and are based on mapping district campuses to census blocks. Additionally, the methodology used to establish the degree of disadvantage in a census block may change when the commissioner adopts rules for the calculation.
